

Here's what Alberta Elementary Schools are saying about HOJA:

"Once again, HOJA has come to entertain the staff, students, and parents at R. J. Hawkey. Their choice of music was excellent, their humor throughout was enjoyable and their message was well received and inspiring for our students. These young gentlemen provide great role models for students and we will definitely be inviting them back in the near future."

- Gayla Worden, Music Specialist, R.J. Hawkey Elementary, Airdrie, AB

"HOJA's performance not only met my objective, it also far exceeded my expectations. It is without reservation that I highly recommend this group to others interested in musical performances at any educational level."

- Raegina Diceman, Music Teacher, Steinhauer School, Edmonton, AB

"Students could be heard trying out their new drum sounds down the hallway over the next couple of days. The passion that you have for your music was evident throughout the presentation and well spoken through your message. Students need to hear others speak of their passions and experiences. Keep up the great work!"

- Shelley LaCroix, Vice Principal, Holy Cross School, Grande Prairie, AB

"They modeled cooperation, teamwork, and how when single elements are put together they produce a product that is greater than the individual parts. Wonderful voices, magnificent group!"

- Val Hanson, Principal, St. Dominic School, Cold Lake, AB

"This is the fourth year in a row we have booked them – this group has always been a pleasure to have in our school. Set up was made easy, as they bring all of their own equipment and require very few things from the school. The performance itself was high energy, fun, and very well received by the students. They were kept involved and interested for the entire hour. Our students always look forward to a HOJA presentation; it is one of the highlights of the year!"

- Valerie Crutchfield, Cultural Performance Coordinator, Neil M. Ross, St. Albert, AB

"They presented themselves as excellent role models for our students, encouraging them to set worthy goals and strive to meet them. I recommend HOJA for any school performance without hesitation."

- George Finkbeiner, Vice Principal, Kennedy Elementary, Grimshaw, AB

"Your musical presentation and wonderful selection of upbeat songs were very enjoyable, and getting the students to participate was great!"

- Dan McDonald, Principal, St. Francis Xavier School, Medicine Hat, AB

"Without a doubt, HOJA has been one of the most exceptional performances that we have had into our school. Children, teachers, and parents all were entertained by the musical abilities and talents of the group."

- John Loree, Principal, Nicholas Sheran Community School, Lethbridge, AB

"HOJA has performed at our school numerous times and always puts on a great show that includes incredible vocals, choreography, humor and audience participation."

- Howard McKay, Music Director, Evergreen Elementary School, Drayton Valley, AB

"It amazes the audience when the performers demonstrate how the various sounds are made. We will definitely be having HOJA return to our school."

- Connie Cline, Belvedere Elementary School, Edmonton, AB
