

### **Here's what Calgary Elementary Schools are saying about HOJA:**

*"Our school has never been the same. Their energy, harmony, humour, selection of songs and professional conduct endeared them to our students. As I looked around the gym there was not one face without a smile or one body that wasn't 'bopping' to the music. This fall I booked them again, and the excitement and anticipation in the school when the students heard that HOJA was going to perform for them was outstanding."*

- G. J. Van den Berg, Principal, Altadore School, Calgary, AB

*"For many it was the first time they were exposed to this type of vocal performance. The song selection was very appropriate, appealing to our students in kindergarten and grade 9 at the same time. I have had some of my tougher 'clients' come to me in the last few days to thank me personally for arranging the show for the school. They were so impressed with HOJA and their message of believing in oneself and following one's interests and dreams."*

- Joanna Douglas, Principal, Almadina Charter School, Calgary, AB

*"These 4 talented individuals kept 570 Elementary kids laughing, singing, and engaged for their hour-long performance. At first I wasn't sure how they would connect to students from Kindergarten to grade 6, but they exceeded my expectations and I am looking forward to booking HOJA again next year."*

- Alexandra Kingston, VP, Monsignor Doyle School, Calgary, AB

*"WOW! What a great morning! Staff and students alike were highly engaged and involved from the first song through to the end of the show. The presentation was one of high energy, great songs, humour, and our students were left with a positive message. Staff particularly appreciated the appropriateness of the songs and lyrics. We will be looking forward to a third visit from HOJA!"*

- Greg Hunter, Haysboro Elementary School, Calgary, AB

*"I would highly recommend HOJA to any school that is looking for a positive, motivating and fun way to reinforce the messages of perseverance, dedication and positive risk taking. Using a unique method of delivery, HOJA serves as excellent role models for students."*

- John McDonald, Vice Principal, Holy Cross School, Calgary, AB

*"They came and 'wowed' our school audience. It is wonderful to see our boys and girls excited about singing. We would highly recommend this group to enlighten and entertain your students."*

- Bonnie Pellicano, Principal, Jennie Elliott Elementary, Calgary, AB

*"It was a great show with lots of entertainment, laughter, great singing, information and inspiration. Our students were engaged throughout the show, as were our staff, especially those who got to shine in the spotlight!"*

- Karen Neufeld, Music Teacher, Captain John Palliser Elementary, Calgary, AB
