

## **Here's what SK Elementary Schools are saying about HOJA:**

*"As an elementary principal I have now had HOJA perform at each of my last four schools. They provide a show with an upscale beat, a good message, and lots of humour."*

- Rick Orban, Principal, Henry Janzen School, Regina, SK

*"This was the third HOJA performance which I have had the pleasure of observing over the past few years. You have consistently delivered a high-quality act, and a positive message. I would be more than happy to have you back any time."*

- Jacob Cowan, Principal, Hodgeville School, Hodgeville, SK

*"In the words of our students, the HOJA performance was 'awesome'. The sixty minute presentation was a combination of great singing, dancing, and performing, with positive messages after the songs. I would encourage any school with any grade levels to book them."*

- Al Kessler, Principal, Assiniboia Elementary, Assiniboia, SK

*"Our school absolutely loved the energy and enthusiasm of HOJA!"*

- Kerry Van Vaals, Watrous Elementary, Watrous, SK

*"I was very impressed not only with the quality of the performance, but also with the message these young performers provide to the student audiences. These guys relate wonderfully to students of all ages. I have met with the owners of Fat Cat Productions and have found them to be very easy to deal with. They are very down to earth; they take pride in all that they do and it shows in the way they relate to their performers, the schools they work with, and the students who enjoy their presentations. I would strongly recommend them to any school looking to provide great entertainment, a positive message, and good role models for their students!"*

- Hugh Kurz, Superintendent, Saskatoon Public School Division, Saskatoon, SK

*"It was a fun, motivational, and interactive performance. We highly recommend it for any school or youth organization as a way to encourage and inspire students."*

- The Learning Spirit Community, Winston Churchill School, Lloydminster, SK

*"The students and staff had an hour of pure enjoyment! We especially enjoyed your interaction with the audience and the staff involvement. Your group will always be welcomed in our school for future shows!"*

- Lisa Kirtzinger, Elizabeth Elementary, Kindersley, SK

*"We are constantly amazed by the sound that is produced by only three gentlemen. HOJA's repertoire of songs appeals to the young and the old. It is also important to note how easy HOJA and Fat Cat Productions are to work with. They make everything so easy."*

- Kerry Van Vaals, SRC Coordinator, Watrous Elementary, Watrous, SK

*"As an acappella group, they are outstanding in their delivery of vocals in the variety of songs they share. Their performance is high energy and the students love it."*

- Elaine Borden-Ballard, Principal, Hague Elementary, Hague, SK
