

Entertainment and Interaction

If your students don't enjoy a presentation then it will feel like a waste of their time, and any message, however valuable, will be lost. We have developed our show through years of experience and feedback from our audiences, and we are very proud of the regular comments we get that we were the highlight of the school year.

Our performers are enthusiastic young adults with dynamic personalities and wonderful chemistry on and off stage. We take a relaxed, casual approach with our stage presence (as opposed to some performing groups who can come across as very theatrical and a bit cheesy). We find that this easygoing manner and the fact that we don't take ourselves too seriously helps the crowd relax and not feel at all threatened or on guard. Once they see us up there having a good time and enjoying what we do, we find it's not hard to encourage them to settle in and enjoy the show.

Our show is filled with favorite songs from many different musical styles, and we inspire loads of audience participation and volunteers joining us up onstage. Students love our beatboxing, great harmonies, and cool & exciting vocal arrangements – they are amazed at the full-band sound generated by just three singers!

Our songs are enhanced with highly energetic, sometimes wacky choreography, and many of the musical styles lend themselves to hilarious dance moves and characterization during the songs and in between.

Quite simply, it's about the most fun you could have packed into an hour. Your students will walk away energized, smiling, inspired, and feeling GOOD!

“They were absolutely amazing! They rocked a gymnasium that hasn't seen energy like theirs in a very long time. Their ability to relate to the students through music was a joy to observe.”

- Barb Gage, Principal, Sir Wilfrid Laurier Secondary School, Orleans, ON

“The high energy show and pure talent of the singers left us smiling and humming the familiar music we had heard. The audience especially appreciated the personal interaction they had with the group, including a number with one of our own enthusiastic high school students. The quality musical ability of the performers was well received as was evidenced by the loud cheers that went up after each song.”

- Ronda Alberts, Ardrossan Jr/Sr High, Ardrossan, AB

“I think the best part of the performance was when you involved Mr. Wilson in the song U Can't Touch This. I also thought it was great how you involved Cole and Mrs. Klapak in your performance. Watching our peers and teachers get involved was great!”

- Sherilyn Fick, SRC, Lanigan Composite, Lanigan, SK

“They did an excellent job of getting the students involved. Their exhilarating performance created such a great atmosphere for the school that day.”

- Sarah McDonald, SADD Advisor, Swift Current Comp, Swift Current, SK

“They involved the student body in many ways throughout their performance. HOJA offered prizes for volunteers, incorporated students and teachers into their choreography, used a variety of popular songs to connect with the students, and succeeded in keeping the audience's attention.”

- Marcia Mitschke, SRC, Lumsden High School, Lumsden, SK
