

## Presentation Fee Details

Our presentation fees include all travel costs, accommodations, and our sound system.

Our school fees fall in the range of \$675 to \$895 (+ GST) depending on the area of the country and the size of the school. Please call us toll-free to find out the exact price for your particular school.

Our prices are based upon being able to match you up with a nearby school so that we perform two school presentations per day (one in the morning and one in the afternoon). We also ask that your school be willing to have some of our CD's available for students to purchase for the week following the performance. The process is quite simple and we pay for the return shipping expenses.

If your school requires two separate presentations (taking up the whole day) you will receive a \$100 discount on the second show. If you can host both of your presentations either in the morning or afternoon so that we can still schedule an additional school that day, you will receive a \$200 discount on your second show. Please note that if more than one school is attending a school hosting multiple presentations then all performances are full price.

We understand that our presentation is not cheap, and that many schools have experienced budget cuts that make it difficult to afford bringing in high quality presentations. We offer the following suggestions as to how some other schools have been able to bring us in for their students in the face of budget challenges:

- Feel free to invite one other school to join you and share the cost (please note that if more than one school joins you, there is an additional charge of \$200 for each extra school beyond the first one).
- Ask your parent council, local credit union, or other community group or business to help sponsor the presentation.
- Ask students to contribute \$1 each to help meet the cost of the presentation.
- Invite parents and members of the community to attend for a small admission or donation at the door.
- Host an evening show fundraiser. Click [here](#) for details. (Evening Concert)
- You may be able to gain additional funds at your school (instead of just using your music budget) by demonstrating how we not only entertain, but also motivate and inspire your students with our message.
- If you are still unable to reach our presentation fee, please feel free to contact us to let us know what you can afford. Occasionally we may have a last minute cancellation, which allows us to offer a discount.
